CMN/ZMF life cycle extensions providing additional CMN/ZMF functionality

Despite the functionality available in ChangeMan ZMF, many of its users still have quite a lot of enhancement requests for even more functionality for specific phases in the ChangeMan ZMF life cycle.

While waiting for these requests to be implemented in vanilla ChangeMan ZMF, many of them can be implemented in the format of ChangeMan ZMF customizations, covered in the Cmn2Go category.

Below is a list of all available topics (Z-Issues) that fit into this category, with more upcoming topics in this category mentioned in the Z-Factory roadmap.

If you have other topics that you think fit into this category, please let us know!
